(a) from Metropolitan News-Enterprise (legal paper) from 12/5/2023 editorial "No on the 'Defenders of Justice' on Metropolitan News-Enterprise web-site "Turner and his two cohorts—Ericka Wiley and La Shae Henderson—running in their respective races as the “Defenders of Justice,” are staging no campaigns other than that put on by La Defensa, a tool of Tides Advocacy which funds left-of-center (including extremist) movements. Dominated by their sponsors, they are little different from candidates in days gone by who were tied to political machines."

La Defensa = Soros group
